DIES ON TRAIN

Salem Young Man Passes Away While Enroute Home from Sanitarium.

Harold Varner, aged 19 years, of Salem, died Wednesday morning aboard the Baltimore and Ohio west bound passenger train No. 3 between Rowlesburg and Grafton while enroute to his home from the state tuberculosis sanitarium at Terra Alta, where he was taken two weeks ago for treatment. The body was left on the train until it arrived at Salem, when it was taken to the Lynch Osborn Undertaking Company's establishment and prepared for burial.

Varner was a son of Mr. and Mrs. Raymond Varner, well known residents of Salem. He had been ill for a long time of tuberculosis and two weeks ago attending physicians recommended that he be taken to the state sanitarium at Terra Alta for treatment. After arriving at the sanitarium Varner gradually grew weaker and Tuesday it was seen that he would not live much longer, so his parents decided to remove him to his home. They left Terra Alta at an early hour Wednesday morning but shortly after the train left Rowlesburg Varner began to sink and passed away before the train reached the Grafton station.

Surviving relatives of the deceased young man are his parents, Royal Varner, a brother, and Miss Wilma Varner, a sister.

No funeral arrangements have been made yet.

BURGLARS RAID A PIKE STREET AUCTION STORE

Loot Consists of Watch Fobs and Chains and a Large Number of Cartridges.

Burglars, though by the police to be young boys, broke into and robbed the Kaplan auction shop on West Pike street Tuesday night of several small articles, the number and value of which have not yet been ascertained because of the large and varied stock kept on hand.

The robbery was discovered early Wednesday morning when clerks opened the store, and the police department was notified. Chief Brooks and Detective L. L. White went to the scene. They found that the burglars had gained entrance to the shop through a rear door, having used an auger to bore a hole, through which a hand was able to reach the lock on the door. The auger and two braces and bits were found near the door.

Mr. Kaplan told the police that an investigation showed that the burglars had taken a number of watch fobs and chains, and some cartridges. The value could not be estimated.

The police are working on the case and Chief Brooks said that he confidently expected to have the burglars under arrest within twenty-four hours.
